Recycling Facts:

- Lockland residents recycled 33.61 tons in 2018
- As of 2017 the recycling rate in Lockland is 2.29% one of the lowest in Hamilton county
- The recycling rate is the percentage of all waste that is recycled and is calculated as follows: \[ \text{Recycling Rate} = \frac{\text{Tons of Recyclables}}{\text{Tons of Waste} + \text{Tons of Recyclables}} \]
- On average, each person produces 4.4 pounds of solid waste each day. This adds up to almost a ton of trash per person, per year.
- Recycling one aluminum can saves enough energy to run a TV for three hours -- or the equivalent of a half a gallon of gasoline.
- If every American recycled just one-tenth of their newspapers, we would save about 25,000,000 trees a year.
- Recycling plastic saves twice as much energy as burning it in an incinerator.

What Can Be Recycled?

What to Recycle: Mix recyclables unbagged in the recycling drop-box.

- Plastic Bottles & Jugs
- Glass Bottles & Jars
- Cartons (no straws)
- Metal Cans (Aluminum, Steel, Tin)
- Paper Products & Cardboard

NOT ACCEPTED:
- NO plastic bags
- NO pressurized tanks
- NO hoses & chains
- NO cassette & VHS tapes
- NO hangers
- NO hazardous materials
- NO clothing & sheets
- NO trash
How can I participate?

Curbside recycling is available to all Lockland residents at no additional cost. All households will receive a red 18-gallon recycling bin. Recycling is collected the same day as your trash, by a separate truck. Residents can upgrade to a 65-gallon recycling cart, at no additional cost. Contact Rumpke at 1–800–828–8171 to request a cart.

Alternatively, you can drop off recyclables at the Village parking lot on the 100 block of North Cooper Avenue, or the public parking lot on the 100 block of Mill Street.

Recycling Old Electronics

Listed below are residential electronics recycling outlets. Please note that the District has not audited all the facilities listed on this page. Before using any computer recycler, make sure to conduct due diligence on the company. You are ultimately responsible for proper disposal of electronic equipment.

Best Buy
865 E Kemper Rd, Springdale, OH 45246; 513-671-4305

Cleanlites Recycling
7806 Anthony-Wayne Ave., Cincinnati, Ohio 45216; 513-641-4155

Cohen Recycling
12175 Reading Road, Sharonville, Ohio 45241; 513-733-0606

Recycling Hazardous Materials

Household hazardous products pose a threat when improperly stored or disposed. The average home contains 60 to 100 pounds of hazardous chemicals.

Typical household hazardous products include:

- pesticides
- automotive fluids (i.e. gasoline, motor oil, antifreeze)
- home improvement products (varnish, stain, paint thinner, paint stripper, adhesives)
- cleaning products (drain cleaner, ammonia, bleach)
- lawn and pool chemicals

Where can I dispose of hazardous products?

Year round outlets may be available for some of your material. Items may also be taken to local household hazardous waste companies for recycling and proper disposal (contact prior to dropping off to check hours and charges):

Environmental Enterprises, Inc.
4600 Spring Grove Ave, 45232
